

Coleraine sTREETScape

a project of the GABA Beautification Committee

The Greenway Area Business Association in conjunction with Coleraine businesses have instituted a Memorial/Business Streetscape Project which the Association hopes will be utilized to create both landscape and an aesthetic rejuvenation for downtown Coleraine.

The project allows individuals, families, businesses or groups to develop a planting in the Coleraine business district which would be used as a memorial, endearment or advertisement for an individual or business. The planting includes a Green Ash shade tree, a grate and protective guard. The guard contains a plaque stating who, or what business the tree was planted for.

In the spring of 2004 the first phase was completed, planting four trees on the north side of the 400 block. In the spring of 2006, the south side also had four trees planted. The next step will be to sell four more trees for the north side of the 300 block, then continuing onto other downtown blocks.

This is just one of the projects of the beautification committee...

If you are interested in finding out more information on the trees please call Troy Anderson at 218-245-2995 (White Ivy Design)
